

About Us

We provide research to policymakers, public and private sector clients, and the community to encourage evidence-informed practices to promote a fair and effective justice system.

CRG works to strengthen the justice system to reduce and prevent crime, reduce recidivism, achieve safer and healthier communities, and ensure fairness, justice, and equal treatment under the law.

Vermont's Leader in Criminal Justice Research

At Crime Research Group, we work closely with our clients to develop goals and a work plan for each project as well as determining the level of participation you, as the client, would like to have.

Our Services

Research Partner Services

We are successful in securing federal, state, and private funding. We can advise on developing a research design and writing a strong proposal.

Program Evaluation

We're experts in creating program evaluation designs to collect and report on process, performance, and outcome data.

Data Analysis

We are the only research organization in Vermont that links data sets from law enforcement, judiciary, corrections, and community organizations to evaluate and describe outcomes.

Qualitative Research

We are skilled in developing surveys and focus groups to help you explore a specific topic of interest.

Strategic Planning and Technical Assistance

We can help your organization develop data driven plans and implement strategies to achieve your goal.
